Onboard, Offboard or Opportunity Charging System**

Boost productivity and efficiency with a standard or custom designed Automatic Guided Cart. The programmable AGC will be the most reliable, effective delivery "person" on your staff, allowing personnel to concentrate on more demanding tasks. A 24 hr. delivery workhorse, the AGC will transport material from place to place and continue on it's course all day with a single charge. The AGC is suitable for light to mid-duty repetitive bulk handling.

AMERDEN
Inc. 

Automatic Distribution of Bulk Mail, Large Packages, Material and Parts

Versatile standard or custom attachments can be installed on the vehicle, and even towed behind allowing for a higher volume delivery. Material, Mail or Package delivery and pick-up is made easy with an infinitely flexible AGC system.
